Texas ASC Society Political Action Committee

Greetings:

Welcome to the Texas ASC Society PAC, our industry's voice in the Texas political process. The Texas ASC Society PAC is made up of individuals with a common purpose: making sure that our industry's public policy needs are recognized in the election process.

We have set a goal of each ASC raising \$1,000 for the PAC in 2010. With our state's primary elections in March and the general elections just around the corner in November, it is critical for our ASCs to get active so that our voice will be heard. Other segments of the health care industry, such as hospitals and physician groups, have already raised hundreds of thousands of dollars to donate to candidates.

All supporters of the ASC industry may contribute to the PAC on behalf of your ASC: physicians, employees, partners, and vendors. Under state law, individuals, professional associations (PA), limited liability partnerships (LLP), general partnerships, and solo practitioners (non-incorporated) may donate to the state PAC.

I hope that you will join me in helping advance our industry's public policy priorities. Please do not hesitate to contact me or the board's secretary/treasurer, Jaime Capelo, if you have any questions.

Sincerely,

Chris Shoup, Chair
Texas ASC Society PAC Board
